ADDRESS

OF THE

HOUSE OF COMMONS OF GREAT BRITAIN

TO

HIS MAJESTY.

EXTRACTED FROM THE VOTES,

Veneris, 11° *die Julii*, *Anno* 40° *Georgii* 3^tii *Regis*, 1800.

Moſt Gracious Sovereign,

WE, Your MAJESTY's moſt dutiful and loyal Subjects, the Commons of Great Britain in Parliament aſſembled, having taken into our Conſideration the State of the Public Records of this Kingdom, and the Neceſſity of providing for the better Arrangement, Preſervation, and more convenient Uſe of the ſame, humbly beg Leave to lay before Your Majeſty the Report of our Proceedings thereon; and to repreſent to Your Majeſty, that in ſeveral of the principal Offices we have found the Public Records preſerved with great Order and Regularity, and in ſome few, with a Method and Care which are exemplary; but that, in many of the moſt important Offices, they are wholly unarranged, undeſcribed, and unaſcertained; that ſome of them are expoſed to Eraſure, Alteration, and Embezzlement, and others are lodged in Places where they are daily periſhing by Damp, or incurring a continual Riſk of Deſtruction by Fire.

A Period of nearly Seventy Years has elapſed ſince the laſt General Parliamentary Inquiry upon this Subject; and, during this Interval of Time, the Change which has taken place in the Language and written Character of Judicial Proceedings, as well as the large Accumulation of Materials which has been progreſſively ſuperadded in every Department, have increaſed the Difficulties of methodizing the ſeveral Repoſitories, or applying their Contents to Purpoſes of practical Uſe.

In the Courſe of our Inquiry, we have found that many of the Public Buildings allotted to theſe Uſes, and eſpecially thoſe Buildings which belong to Your Majeſty's Exchequer in all its Branches, comprehending the ancient Records and Muniments of the Rights and Poſſeſſions of the Crown, and the Vouchers and Accounts of the Public Revenues and Expenditure, are in a State ſo incommodious and inſecure, as to require immediate Attention.

It has alſo appeared to us, that the ſalutary Meaſures heretofore adopted by Your Majeſty's Authority, for methodizing the Contents of ſome of the principal Repoſitories of Your Majeſty's Records and Papers of State, might alſo be extended to many other Repoſitories, with Conſequences highly beneficial to the Public Service.

And the ſame Motives which encouraged our Predeceſſors to intreat Your Majeſty's Directions for printing the ancient Records of Domeſday, and the Rolls of Parliament, have alſo induced us to ſubmit to Your Majeſty's Wiſdom, our Deſire of extending the ſame Meaſure to other ancient and valuable Monuments of our Hiſtory, Laws, and Government.

Your faithful Commons do therefore moſt humbly beſeech Your Majeſty, that You will be graciouſly pleaſed to give ſuch Directions as Your Majeſty, in Your great Wiſdom, ſhall think fit, for the better Preſervation, Arrangement, and more convenient Uſe of the Public Records of this Kingdom.

And we beg Leave further to aſſure Your Majeſty, that whatever extraordinary Expences may be incurred by the Directions which Your Majeſty, in Your great Wiſdom, ſhall think fit to give on this Occaſion, ſhall be cheerfully provided for and made good by Your faithful Commons.

Jovis, 17° *die Julii*;

Anno 40° Georgii 3tii Regis, 1800.

Mr. Chancellor of the Exchequer reported to the Houſe, That their Addreſs of Friday laſt (that His Majeſty would be graciouſly pleaſed to give ſuch Directions as He ſhall think fit, for the better Preſervation, Arrangement, and more convenient Uſe of the Public Records of this Kingdom; and to aſſure His Majeſty, that whatever extraordinary Expences may be incurred by the Directions which His Majeſty ſhall think fit to give on this Occaſion, ſhall be made good by His faithful Commons) had been preſented to His Majeſty; and that His Majeſty had commanded him to acquaint this Houſe, that He will give Directions as deſired by the ſaid Addreſs.

COMMISSION

For executing the Meaſures recommended by the Houſe of Commons reſpecting the PUBLIC RECORDS OF THE KINGDOM.

GEORGE R.

GEORGE THE THIRD by the Grace of God, King of Great Britain, France, and Ireland, Defender of the Faith, &c.

To Our right truſty and right entirely beloved Couſin and Councillor *William Henry Cavendiſh* Duke of *Portland*, Knight of the moſt noble Order of the Garter; Our right truſty and well-beloved Councillors *William Wyndham* Baron *Grenville*, and *Henry Dundas* Eſquire, Our Three Principal Secretaries of State; Our right truſty and well-beloved Councillors *Henry Addington* Eſquire, Speaker of the Houſe of Commons, *William Pitt* Eſquire, Chancellor and Under Treaſurer of Our Exchequer, and Firſt Commiſſioner of Our Treaſury, Sir *Richard Pepper Arden* Knight, Maſter of the Rolls; *Frederick Campbell* Eſquire, commonly called Lord *Frederick Campbell*, Our Clerk Regiſter of Scotland, *Sylveſter Douglas* Eſquire, One of the Commiſſioners of Our Treaſury, Our truſty and well-beloved Sir *John Mitford* Knight, Our Attorney General, Sir *William Grant* Knight, Our Solicitor General, *Robert Dundas* Eſquire, Our Advocate for Scotland, and *Charles Abbot* Eſquire; Greeting.

WHEREAS the Knights, Citizens, and Burgeſſes and Commiſſioners of Shires and Boroughs in Our Parliament of Great Britain aſſembled, having taken into their Conſideration the State of the Public Records of this Kingdom, and the Neceſſity of providing for the better Arrangement, Preſervation,

Preſervation, and more convenient Uſe of the ſame; have humbly laid before Us a Report of their Proceedings thereon; and have alſo humbly repreſented unto Us, that the Public Records of the Kingdom are in many Offices unarranged, undeſcribed, and unaſcertained; that many of them are expoſed to Eraſure, Alteration, and Embezzlement, and are lodged in Buildings incommodious and inſecure; and that it would be beneficial for the Public Service, that the Records and Papers contained in many of the principal Offices and Repoſitories ſhould be methodized, and that certain of the more ancient and valuable amongſt them ſhould be printed; and have humbly beſought Us that We would be graciouſly pleaſed to give ſuch Directions thereupon as We in our Wiſdom ſhall think fit:

Now know ye, That We, conſidering the Premiſes, and earneſtly deſiring more effectually to provide for the better Arrangement, Preſervation, and more convenient Uſe of the ſaid Records and Papers, and repoſing great Truſt and Confidence in your Fidelity, Diſcretion, and Integrity:

Have authorized and appointed, and by theſe Preſents Do authorize and appoint you the ſaid William Henry Cavendiſh Duke of Portland, William Wyndham Baron Grenville, Henry Dundas, Henry Addington, William Pitt, Sir Richard Pepper Arden, Frederick Campbell (commonly called Lord Frederick Campbell) Sylveſter Douglas, Sir John Mitford, Sir William Grant, Robert Dundas, and Charles Abbot, and any Three or more of you, to make a diligent and particular Inquiry into the ſeveral Matters which Our faithful Commons have, in the above-mentioned Report of their Proceedings, repreſented as fitting to be provided for by Our Royal Authority.

And furthermore, We do by theſe Preſents, give and grant to you Our ſaid Commiſſioners, and any Three or more of you, full Power and Authority to cauſe all and ſingular the Officers, Clerks, and Miniſters of the ſaid Offices and Repoſitories reſpectively, to bring and produce upon Oath before you, or any Three or more of you, all and ſingular Rolls, Records, Books, and Papers, or other Writings belonging to the ſaid Offices or Repoſitories, or any of them, or any Officers within the ſame, and which ſhall be in the Cuſtody of them or any of them reſpectively.

And Our further Will and Pleaſure is, That ye, or any Three or more of you, upon due Examination of the Premiſes, ſhall cauſe ſuch Matters to be duly and ſpeedily executed as ye ſhall judge fitting and proper to be done, for the more effectual Execution of the ſeveral Meaſures recommended by Our faithful Commons in the ſaid Report of their Proceedings relative thereto.

And, to the End that Our Royal Will and Pleaſure in the Premiſes may be executed with the greater Regularity and Expedition, We farther by theſe Preſents will and command, and do hereby give full Power and Authority to you, or any Three or more of you, to nominate and appoint from Time to Time ſuch Perſon of Ability, Care, and Diligence, as ye ſhall think fit, to be and act as your Clerk or Secretary, for the Purpoſe of aiding you in the Execution of theſe Preſents; and alſo to nominate and appoint in like Manner ſuch ſeveral Perſons of Ability, Care, and Diligence, as ye may think fit, to be Sub-Commiſſioners, to be employed under your Direction and Controul in the Premiſes, and more eſpecially to methodize, regulate, and digeſt the Records, Rolls, Inſtruments, Books, and Papers, in any of Our Public Offices and Repoſitories; and to cauſe ſuch of the ſaid Records, Rolls, Inſtruments, Books, and Papers, as are decayed, and in Danger of being deſtroyed, to be bound and ſecured; and to make exact Calendars and Indexes thereof; and to ſuperintend the printing of ſuch Calendars and Indexes, and original Records and Papers, as ye ſhall cauſe to be printed; Which ſaid Clerk or Secretary, and Sub-Commiſſioners, and every of them, ſhall and may be removed by you, or any Three of you, from Time to Time, at your Will and Pleaſure, full Power and Authority being hereby given to you to appoint others in their Places reſpectively.

And We further will and command, and by theſe Preſents ordain, That ye, or any Three or more of you, ſhall from Time to Time certify, under your Hands and Seals, unto Our Lord High Treaſurer, or unto the Commiſſioners of Our Treaſury for the Time being, what ſhall be a fit and ſuitable Recompence to the above-mentioned Clerk or Secretary, and Sub-Commiſſioners reſpectively, for their Pains and Services in the Execution of the Duties hereby required to be by them performed; which ſaid Recompence it is Our Will and Pleaſure ſhall thereupon be paid to them reſpectively and accordingly.

And

And Our further Will and Pleaſure is, That ye, or any Three or more of you, do and ſhall, on or before the 25th Day of March, in the Year of our Lord 1801, and ſo from Year to Year, on or before the 25th Day of March in each Year reſpectively, ſo long as this Commiſſion ſhall continue in Force, certify unto Us in Our Privy Council, under your Hands and Seals reſpectively, all and every of the ſeveral Proceedings of yourſelves and of the ſaid Sub-Commiſſioners had by virtue of theſe Preſents, together with ſuch other Matters (if any) as may be deſerving of Our Royal Conſideration, touching or concerning the Premiſes, and what further Meaſures (if any) ye ſhall think fit to propoſe thereupon.

And laſtly, We do by theſe Preſents ordain that this Our Commiſſion ſhall continue in full Force and Virtue; and that ye our ſaid Commiſſioners, or any Three or more of you, ſhall and may from Time to Time, and at any Place or Places, proceed in the Execution thereof, and of every Matter and Thing therein contained, although the ſame be not continued from Time to Time by Adjournment.

Given at our Court, &c. the 19th Day of July, in the Year of our Lord 1800.

ORDER.

At a Board of the Commiſſioners appointed by His Majeſty for carrying into Execution the Meaſures recommended by the Houſe of Commons reſpecting the Public Records of the Kingdom, &c.

Holden at the Houſe of the Right Honourable the Speaker of the Houſe of Commons, the 4th Day of November 1800.

PRESENT,

The Right Honourable the Speaker of the House of Commons,
The Right Honourable Sylvester Douglas,
Sir John Mitford, Knight, His Majeſty's Attorney General,
Sir William Grant, Knight, His Majeſty's Solicitor General,
Charles Abbot, Eſquire;

It was Ordered, That the Record, called Pope Nicholas's Taxation, formed about the Year 1291, be printed from the Tranſcript thereof remaining in the Court of Exchequer, after the ſame ſhall have been collated and compared with the original Rolls of the ſame Record where they can be found in the Exchequer, Britiſh Muſeum, or other Repoſitories; and alſo with the antient Tranſcript of the ſame Record preſerved in the Britiſh Muſeum; and the Variations between the different Authorities to be marked and printed at the Bottom of each Page; and that Indexes of the Places therein named, be printed at the End of the Work.

By Order of the Board,

John Topham, Secretary.

POPE Innocent the Fourth, to whoſe Predeceſſors in the See of Rome the Firſt Fruits and Tenths of all Eccleſiaſtical Benefices had for a long Time been paid, gave the ſame, A. D. 1253, to King Henry the Third, for Three Years, which occaſioned a Taxation in the following Year, ſometimes called The Norwich Taxation, and ſometimes Pope Innocent's Valor.

In the Year 1288, Pope Nicholas the Fourth granted the Tenths to King Edward the Firſt for Six Years, towards defraying the Expence of an Expedition to the Holy Land; and that they might be collected to their full Value, a Taxation by the King's Precept was begun in that Year (1288) and finiſhed as to the Province of Canterbury in 1291, and as to that of York, in the following Year; the Whole being under the Direction of John, Biſhop of Winton, and Oliver, Biſhop of Lincoln.

A Third Taxation, entitled, " Nova Taxatio," as to ſome Part of the Province of York, was made A. D. 1318, (11 Edward II.) by virtue of a Royal Mandate directed to the Biſhop of Carliſle; chiefly on Account of the Invaſion of the Scots, by which the Clergy of thoſe Border Countries were rendered unable to pay the former Tax.

The Taxation of Pope Nicholas is a moſt important Record, becauſe all the Taxes, as well to our Kings as the Popes, were regulated by it, until the Survey made in the Twenty-ſixth Year of Henry the Eighth; and becauſe the Statutes of Colleges which were founded before the Reformation are alſo interpreted by this Criterion, according to which their Benefices, under a certain Value, are exempted from the Reſtriction in the Statute 21 Henry VIII. concerning Pluralities.

Various detached Parts of this Record have been publiſhed in different County Hiſtories; but the Whole is now, for the Firſt Time, edited from Two Manuſcripts in the King's Remembrancer's Office, Exchequer, collated with a Cottonian Manuſcript of much greater Antiquity, in the Britiſh Muſeum, Tiberius C. X. which has unfortunately ſuffered ſome Damage from the Fire which happened to the Cottonian Library whilſt lodged in the Dormitory at Weſtminſter. The original Rolls for ſeveral Dioceſes are ſtill extant in the Exchequer, and have been conſulted in this Edition; the various Readings which occur in them have been preſerved: they are however but few, and are of no great Conſideration; which Circumſtances evince the Accuracy of the ancient Tranſcripts.

Specimens of the Hand Writing of the Two Exchequer Manuſcripts, which appear to have been written in the Reign of Henry the Sixth, are prefixed, and a General Index is ſubjoined.

John Caley,
Sub-Commiſſioner.
